Networking for Innovation

What is it?

Networking for Innovation is a Solutions for Business product, which helps businesses to forge new relationships with other businesses, knowledge based institutions, such as universities, and others to share information and new opportunities.

Who is it for?

Businesses, particularly SMEs, who could benefit from the knowledge and expertise of the network in order to develop an idea into a product or service ready for market.

How to access

For further information, contact Business Link on 0845 600 9966 or visit the [Business Link website](#).
